

# EQUALS SEMI-FORMAL (SLD) CURRICULUM

This unique curriculum has been written and edited by outstanding practitioners throughout the UK in the education of children, young people and adults with severe and complex learning difficulties.

## The general principles governing the schemes of work are that they

- are developmental in nature and open to personalisation - they start at the beginning of the individual pupil's learning journey and aim for the highest level of independence possible
- cover all stages of education from 2 to 25 (and beyond) but are not directly related to either age or key stage. Learners fit into them where they will according to their individual abilities, interests and learning journey
- are not related to the National Curriculum, though the common language of the P Scales is occasionally used for ease of understanding.

### My Communication

### My Thinking and Problem Solving
